About Russia

Russia, officially the Russian Federation, is a transcontinental country in Eastern Europe and North Asia. It is the largest country in the world, occupies more than one-eighth of all the land on Earth. It spans 11 time zones and has coasts on the Atlantic, Pacific, and Arctic. It's Capital Moscow, is the largest metropolitan area in Europe proper and one of the largest cities in the world. Russia's economy is based on a vast supply of natural resources including oil and ranks as the twelfth largest by nominal GDP. Russia is known all over the world for its thinkers & including writers like Leo Tolstoy.

Study in Russia - Medicine in English

Russia has one of the best mass-education systems in the world, producing a literacy rate of 98%. Russia being one of the most favourite places For MBBS aspirants, provides a study program and syllabus which is at par with other top universities in the world. About 4000 Indian students prefer Russian universities for MBBS every year.

Duration of Course

General Medicine: 6-year program

In addition one has to undergo 1 year internship after returning to India.

In Russia, students can gain fundamental and in-depth knowledge in all subjects. Since a big Indian community is present in Russia, Indians students feel very safe in the country. Also, Diplomatic relations between India and Russia are very good and favourable.

Advantages of Studying in Russia

No Entrance Exam

The Candidates are required to fulfil basic eligibility criteria. There is no entrance exam for admission in the universities, hence chances of getting admission in a prestigious medical college is very high for Indian students.

No donation

Unlike Indian educational institutions, Donations for admissions are not accepted in Russian Universities. Furthermore, the study of international students at Russian state universities is subsidized by the Russian government by 50%.

Low Fee and Cost of living

Tuition fee is affordable and in many cases very low as compare to any Indian private medical college. Cost of living in Russia is quite affordable as compared to other developed countries.

Internationally Recognized Degree

Degrees offered by Russian medical colleges are recognized by Medical Council of India (MCI) and also accepted worldwide.

Dual Diplomas

In 2003, Russia signed the Bologna Declaration. Diplomas of Russian universities are recognised in most countries. Russian universities are implementing joint programmes with foreign universities and are issuing dual diplomas to their graduates. Therefore, by studying in Russia students can receive a Russian diploma and a diploma from a European university.

World Class Infrastructure

All the campuses across Russia have world class structure with modern equipment in hospitals. MBBS study in Russia is very fruitful as most of the universities in Russia are of high standard and globally recognized by WHO, UNESCO, MCI etc.

International Exposure

Study in Russia gives an opportunity to meet fellow students who are from different countries, backgrounds and ethnicity. Students get international exposure which greatly helps in settling down.

Comfortable Accommodation

Russia provides its students with a very good hostel accommodation facility. Almost every student hostel has a gym, laundries, study rooms, medical posts, Internet and adequate security.

European Standard of Living

Russian people enjoy high standard of living. Russia has become the world leader in terms of growth in the number of rich and ultra-rich people. As a student one can experience a good quality of living and take advantage from the rapidly growing economy.
